**Hitachi Announces Policy on the Reduction of Number of Shares Constituting Investment Unit on Japanese Stock Exchanges**

Tokyo, June 29, 2007 --- Hitachi, Ltd. (NYSE:HIT / TSE:6501) today announced its policy on the Reduction of Number of Shares Constituting Investment Unit on Japanese Stock Exchanges as follows.

Hitachi believes that the number of shares constituting investment unit in Japanese stock exchanges should be carefully examined from the perspectives of the liquidity of Hitachi stock, shareholder composition and other items. Because Hitachi believes that its shares currently have sufficient liquidity, the company believes that it would be difficult to obtain benefits that would justify the cost of a change in the number of shares constituting investment unit. Hitachi will continue to consider actions related to the establishment of a suitable number of shares constituting investment unit.
