

New Corporate Vision: Changing the World and Future with the Power of Knowledge

Tokyo, April 1, 2025 Hitachi High-Tech Corporation ("Hitachi High-Tech") has revised its corporate vision and mission effective today.

Corporate Vision	Changing the World and Future with the Power of Knowledge
Mission	We provide solutions that will realize a sustainable society tomorrow through a deeper understanding of the issues facing society and our customers today

While digitalization and development of AI and other technologies are rapidly accelerating, the future of the social environment surrounding us is uncertain due to increasing complexity and volatility caused by natural disasters, climate change, geopolitical risks and so on. Given this context, Hitachi High-Tech Group believes that the crucial first step in changing the world and shaping the future is to deeply understand the root causes occurring around society and our customers, so that we can identify the hidden problems that are unrecognized by our customers and partners.

Hitachi High-Tech has cultivated a variety of "Power of Knowledge" over the years, including Observation, Measurement, and Analysis technologies, global network, world-class products, and co-creative relationships with our customers and partners. By leveraging our "Power of Knowledge," each employee of Hitachi High-Tech Group will continue to provide solutions for the issues facing society and our customers today to realize a sustainable society tomorrow.

About Hitachi High-Tech's Corporate Vision and Mission
